T-SYSTEMS SAP S/4HANA® TRANSFORMATION PACKAGES

An experienced and responsible partner like T-Systems will accompany you on your path into the digital age with end-to-end expertise – and most importantly, at the speed that is right for you.

To achieve this, we offer a comprehensive end-to-end SAP transformation package in which we have brought together our best modular solutions in the areas of **design, transformation and operation.**

WHAT IT IS

- Transformation packages with service description, project plans & calculations incl. adoption of SAP Activate
- End-to-end observation including SAP roadmap
- Secure and flexible operation: on-site, your choice of cloud, network, security and IOT
- Demo systems for the look and feel experience and new business models

YOUR BENEFITS

- Individual requirement analysis and optimized procedural methods
- Plannable, inexpensive project costs
- Low project risk
- Top result
- Shorter project runtimes
- Platform, operating model and database model based on your requirements
- Use of best practices in the SAP transformation

**Benefit from
over 15 years of
experience in
SAP transformation
projects!**
