MAGENTA SECURITY SHIELD

SECURITY

T • • makes it work.

T • • Systems • Let’s power higher performance
PEAK:
87 MN.

Attacks per day
March 2020

CYBER ATTACKS PER DAY

71 MN. in 2020

42 MN. in 2019

12 MN. in 2018
Magenta Security lifts up your Security at the Next Level
Inventory in the networks of our customers

- Protection with firewalls and anti-virus
- Does your security also develop in line with your speed of digitization?
- Do you know all your vulnerabilities?
- Do you anticipate that the hacker has already infiltrated your network?
- Detection and response in real-time 24x7?
Demand of our customers

Protection

Highest Security-Standard

Attack detection

Monitoring & Response
Magenta Security lifts up your

Security at the Next Level
Magenta Security Shield

The Plug & Play Cyber Security Shield

with direct connection to the Cyber Defense Center of Telekom Security
Magenta Security Shield: The Orchestrator - Box ...
... and the Cyber Defense Center & T-Sec Cloud
... and the Cyber Defense Center & T-Sec Cloud
... and the Cyber Defense Center & T-Sec Cloud
Magenta Security Shield – Security at the Next Level

- Detect attack patterns
- Eliminate vulnerabilities
- Protect your endpoints
- Go safely on the internet
- Detect attacks & respond

Intrusion Detection
Vulnerability scan
Endpoint Detection & Response
Secure internet access
Monitoring, Advice, Incident Response & Reports

Companies start with firewall & antivirus protection

1 First report after 4 weeks at the latest, as the system must collect the required data
