Test UCC Cloud powered by Cisco WebEx – free for 90 days

More than just another UCC tool

There are countless solutions for unified communication and collaboration now, some of them are even cloud services. But most have limited functionality. Not so with T-Systems. Our UCC Cloud powered by Cisco WebEx focuses on Webex Teams and Webex Meetings within the larger Cisco WebEx suite. This advanced collaboration service is a comprehensive package that provides a full complement of UCC capabilities including messaging, presence status, video conferencing, web conferencing, and whiteboarding. The key meeting and call features from the Cisco WebEx suite are integrated into Cisco WebEx Teams.

T-Systems is a skilled, Cisco-certified SaaS provider – we ensure your new UCC solution matches your needs.
